

Elder Wordsmith's Words of Wisdom

DON'T GIVE UP

"Look kid, you know Rome wasn't built in a day. The same goes for your reading and writing goals.

If you don't give up, you will get better and better every day."

GIVE IT YOUR BEST SHOT

"Always put your best in what you do. Commit yourself fully to the task. If you do, you will feel better about what you do and who you are."

MISTAKES ARE OK

"Remember when you were learning to ride a bike. You needed to fall so you could learn to balance. The same goes with any skill. Learn from your mistakes, as they will teach you the most."

CHALLENGE YOURSELF

"If you're not challenged, you will get bored and you won't grow. Set yourself small targets, as these will motivate you to keep on getting better, one step at a time."
